INSURANCE DIVISION

The Bureau of Insurance was established by legislative enactment on March 21, 1873. From that date to the year 1913, the State Treasurer was ex-officio Insurance Commissioner. By Chapter 1, House Bill 55 of the General Assembly of 1913, the offices of the State Treasurer and Insurance Commissioner were separated. The Act created a separate Department of Insurance and provided for the qualifications of the Commissioner and his appointment by the Governor for a term of four years.

The Insurance Commissioner's report for the calendar year 1979 includes statistics compiled from abstracts of the Annual Statements and is published in tabular form, giving analysis, classification and summary of items comprising the Assets, Liabilities, Surplus, Gain and Loss Exhibits. The figures given of companies of Tennessee and other states and countries are those submitted by the companies in their annual statements under oath, except where changed by the Department audit or by request of the companies. The annual statements and schedules of all companies are on file in the office of the Insurance Department subject to public inspection.

As of December 31, 1979, there were licensed and transacting business in Tennessee the following number of companies or organizations:

CONSUMER AFFAIRS SECTION - YEAR 1979

The Consumer Affairs Section of the Department of Insurance assists policyholders, their beneficiaries and claimants in receiving fair and reasonable treatment in accordance with contractual provisions from insurance companies and their authorized agents. All inquiries are responded to, complaints investigated and appropriate actions are instituted where merited.

This Section serves as the investigative arm of the Department in monitoring the activities of agents throughout the state. Upon request, the staff assists local prosecuting attorneys in criminal cases where insurance companies and their agents are involved.

The Consumer Affairs Section is staffed as follows: an Assistant Director, one Supervisor, one Special Project Officer, twelve Investigators, three Insurance Regulation Technicians, and six Secretaries. District Offices are maintained in Memphis, Jackson, Chattanooga, Knoxville, Johnson City in addition to the Nashville Office.

The report for this Section for 1979 is as follows:

RATING SECTION — JANUARY - DECEMBER 1979

The Tennessee Insurance Law requires that rates charged by property and casualty insurance companies in the State must be "fair, reasonable, adequate and not unfairly discriminatory." The Rating Section makes all legal and actuarial determinations involved with the filings from property and casualty companies and rating bureaus and reports to the Commissioner its findings.

The Rating Section has licensed the following rating organizations to make rates, rules and rating plans in accordance with the provisions of Chapters 104 and 142, Public Acts of 1945, for use in Tennessee, and such organizations are as follows:

American Association of Insurance Services
Automobile Insurance Plans Service Office
Crop-Hail Insurance Actuarial Association
Factory Mutual Service Bureau
Hail Information Services, Inc.
Insurance Services Office
Mill and Elevator Rating Bureau
National Council on Compensation Insurance
Nuclear Insurance Rating Bureau
Surety Association of America

The Rating Section has received filings in accordance with the provisions of Chapters 270 and 279, Public Acts of 1949, from the following advisory organizations which permits them to assist insurers or rating organizations in rate making by the collection and furnishing of loss and expense statistics or by the submission of recommendations, but do not on their own make filings:

Alliance of American Insurers
All-Industry Research Advisory Committee
American Nuclear Insurers
Cotton Fire and Marine Underwriters
Cotton Insurance Association
Fire Insurance Research and Actuarial Association
Highway Loss Data Institute
Independent Mutual Advisory Organization
Industrial Risk Insurers
Inland Marine Underwriters Association
Mill Mutual Fire Prevention Bureau
National Association of Independent Insurers
National Committee on Property Insurance
National Independent Statistical Service
Underwriters Grain Association
Underwriters Service Association
Uniform Forms Committee of Uniform Printing & Supply Company

During 1979 the Rating Section received 2805 filings on which the following action was taken:

DIVISION OF FIRE PREVENTION

The Division of Fire Prevention, also known as the State Fire Marshal's Office, is administered by the Commissioner of the Department of Insurance in his capacity as State Fire Marshal, through the Assistant Commissioner for Fire Prevention and other staff members.

This division initiates statewide fire prevention programs; investigates origin and circumstances of fire; prosecutes the crime of arson and related offenses; regulates liquified petroleum gas installation, mobile home and recreational vehicle construction, gasoline bulk plants, manufacture and sale of fireworks; and prosecutes violations of the respective statutes.

The division also supervises electrical inspections; inspects public buildings for fire safety; and develops and maintains extensive public education programs which promotes fire safety and prevention through school assembly programs, the media and specialized training programs.

The Division is organized into six sections: Administration, Fire Safety Inspection, Fire Protection Engineering, Arson and Fraud, Electrical Inspection, and Mobile Home Section.

ADMINISTRATIVE SECTION

This section performs the general administrative duties as required to maintain organization and coordination among the various sections of the Division of Fire Prevention.

The duties include mail distribution, procurement and distribution of supplies and dissemination of information and policy. This section regulates the fireworks industry in the State by issuing permits to manufacturers, distributors, jobbers, wholesalers, and retailers of fireworks. In 1979, $69,647 in permit fees was collected as state revenue.

The section, under its Information and Education Group, also conducts a progressive fire safety program throughout the state. During 1979, 208 programs were conducted in schools and senior citizens centers in 65 counties. These programs reached 30,432 youth and senior citizens.

ARSON INVESTIGATION SECTION

The Tennessee Arson Investigation Section is the investigative arm of the State Fire Marshal's Office. This section investigates the cause, origin and circumstances of complex fires, explosions, and other criminal acts where a fire or explsion is involved, investigates all deaths caused by fire or explosion.

This section plans and organizes Arson Investigation Programs within the state; conducts training programs and seminars for local and federal agencies involved in arson investigation and fire prevention. It also enforces state statutes on explosives, fire works and investigates fire insurance fraud claims, presents reports and information to District Attorney General for prosecution, and makes arrests for violations where necessary.

Five district offices are maintained across the state located in the major cities for convenience and efficiency.

Revenue:

No State Appropriations — All revenue received and used is earned by penalties, fees, or forfeitures, and collection of the 3/4 of 1% premium tax on fire insurance premiums collected in Tennessee and credited to the Fire Prevention Fund for maintenance of this division as specified in T.C.A. 53-2439 and 53-2441.

The following schedule reflects the number of arson investigations conducted during the year 1979 and the results of cases prosecuted.

ELECTRICAL SECTION

The Electrical Section is charged with conducting an inspection program available to all citizens of Tennessee. The purpose of this program is to ensure that anchoring and electrical installations are performed in a safe and uniform manner.

While conducting this program, utilizing some 66 contractural field inspectors, this section generated net receipts in the amount of some $245,000 during 1979. This section processed 12,259 applications for electrical registrations, performed 92,821 electrical inspections and 6,928 inspections of mobile home anchoring installations.

The administrative and supervisory functions of this section were performed by 10 state employees.

The following statistics show the number of wiring inspections made and the results of such inspections during 1979.

FIRE SAFETY INSPECTION SECTION

The Fire Safety Section is charged with the responsibility of enforcing the National Fire Protection Association Codes, especially the "Life Safety Code" for the purpose of protecting the citizens and property within the State of Tennessee. The Division of Fire Prevention adopted the 1976 edition of the Southern Standard Building Code and Volume 1 thru 15, National Fire Protection Code effective September 16, 1976.

The Fire Safety Section consists of a Chief Fire Safety Inspector and three sub-sections which include eight institutional inspectors, nine educational inspectors, and one hazardous materials inspector.

The institutional inspectors conducted 2,097 inspections in hospitals, nursing homes, Mental Health and Mental Retardation facilities, and homes for the aged which require state licensure by the Department of Public Health and under Titles XVIII and XIX (medicare, skilled nursing facilities, and intermediate care facilities receiving federal aid).

The educational inspectors conducted 3,064 inspections of both public and private schools (excluding two and four year universities and colleges), kindergartens, day care centers, and nurseries. They also answered 14 complaints and 498 requests for inspections of a general nature on problems ranging from residences to industrial complexes.

The hazardous materials inspector conducted 566 inspections covering liquified petroleum gas, explosives, bulk oil storage and intrastate flammable liquids tanker transports.

Within this section there were an additional 5 court cases, 3,790 Fire Safety Code conferences and 384 inspections of new construction.

During the year 1979 this section collected revenues in the following amounts:

Explosives Certificates of Registration	$20,072.00

FIRE PROTECTION ENGINEERING SECTION

The Fire Protection Engineering Section was organized in the early 1970's and developed following the approval of Regulation Number 19, which requires that architectural plans for educational facilities to include day care centers be submitted to this office for review and approval prior to beginning of construction. In addition, this section was responsible for the review of architectural plans of Health Care Facilities (Hospitals, Nursing Homes and Homes for the Aged) under an agreement with the Department of Public Health. This section reviewed preliminary and final plans on the following facilities during 1979.

Educational	207

MOBILE HOME SECTION

This section is responsible for State Administration and enforcement of The Uniform Code For Factory Manufactured Structures And Recreational Vehicles and The National Mobile Home Construction And Safety Standards Act. This section also regulates manufactured structures industries by licensing manufacturers, dealers and anchor installers doing business within the state, performing in-plant production line inspections of mobile home and recreational vehicles during their construction, and performing inspection of completed units on dealer lots.

A total of 1,659 inspections were conducted, 709 licenses and 3,360 recreational vehicle certification decals were issued which resulted in $140,024 revenue to the State.

This section also participates in the HUD Mobile Home Program which includes mobile home consumer complaint handling within the State of Tennessee as a HUD Approved State Administrative Agency and participation on out-of-state manufacturer monitoring teams. As a result of the Section's participation in these activities, the State received $89,710 in revenue.

LOAN DIVISION
Annual Report - 1979

The Division is charged with the regulation of the non-bank financial institutions, cemetery related trust funds and state chartered savings and loan associations.

The Division is functionally organized into three sub-sections. Each sub-section operates under the general guidance of the Director, who reports to the Commissioner.

DIVISION OPERATIONS

The following table summarizes the activities of the Division over the last three years.

ACTIVITY	1977	1978	1979
Financial Registrants	662	701	817
REVENUES			
Operations	$179,320	$181,050	$206,050
Expenses	152,906	176,230	182,875
Gain from Operations	26,414	31,234	23,175
Expenses as % of Revenue	85.3%	97%	88.8%
Tax Collections	$4,388,773	$1,403,602	$1,592,358

Over the past three years, the revenue producing caseload has remained relatively constant. However, expenses have increased. This increase is due to staff increases, costs of materials and rent and salary increases.

The tax decrease is due to a change in the tax laws, whereby monies collected will be received by and credited to the Department of Revenue instead of the Loan Division.

RECENT ACTIVITIES

During 1977 and 1978, the interest laws and statutes regulating the non-bank financial institutions were rewritten and updated. These changes clarify and simplify the regulation of these companies.

FINANCIAL INSTITUTIONS

The modernization of the laws effecting lending institutions has greatly clarified Tennessee law and simplified the regulatory process. Further actions, such as new rules and joint examination with federal examiners, under similar statutes and guidelines have reduced compliance problems, description of business and eliminated duplication of regulatory efforts. Finance company registrations have been increasing at a rate of 10-15 per year over the last few years.

LOAN DIVISION — Continued

During the last six months, there has been a dramatic increase in new companies, 29 versus three for the same period in 1978. This increase is attributed to both the new laws and a general increase in lending activity. Due to current economic uncertainty, we are unable to ascertain whether this increase will be short-lived or continued.

CEMETERY REGULATION

This Division is charged with the enforcement of the Federal Cemetery Act of 1968 as amended, and also the Cemetery Merchandise and Services Act of 1979.

Since its inception we have registered 73 companies for pre-need sales. In the past year, we have caused to be placed in receivership four companies for lack of compliance to the perpetual care fund and are now in the process of further investigations.

The Division also reviews $25 million in perpetual care funds from 157 cemeteries.

At the present time we are involved in a study of cemetery law, and any changes which could be made for the benefit of the industry and the state in an administrative capacity.

SECURITIES DIVISION

The Division is charged with regulation of the securities industry. There are three sections under the supervision of chiefs who report to the Director, who in turn reports to the Commissioner.

SECURITIES REGISTRATION

The Securities Registration Section processes applications for registration of new issues of non-exempt securities. Registration statements are reviewed to determine whether they meet minimum standards as to disclosure of material information and as to fairness and reasonableness. No effort is made to investigate the facts provided by the Registrant. The Section also responds to requests for no-action letters and requests for interpretative opinions. The following table summarizes the activities and results of this Section:

	1977	1978	1979
Number of New Registrants	855	980	1163
Renewals*	422	336	422
Fees	151,873	193,870	262,837
Staff	4	4	4

*Estimated

During the last three years registrations have increased at an annual rate of over 36%. Currently each examiner must handle a case load of more than 500 issues. To deal with this caseload the Division has by rule adopted a three-tier system of review designed to concentrate its resources on those issues requiring careful review. It has begun the process of adopting uniform guidelines for review. Public availability of such guidelines speeds the process by enabling issuers to plan their offerings to meet minimum standards, or to provide justification for deviations at an earlier stage of the process.

This Section has contributed to the drafting of a new securities law, modeled in part on the Uniform Securities Act. The Act includes somewhat broader exemptions from registration and brings Tennessee back into the mainstream of modern Blue Sky Regulation.

INDUSTRY REGISTRATION

This Section is responsible for registration and regulation of securities broker-dealers and their salesmen, and investment advisers. Applications for registration are carefully reviewed both as to adequacy and accuracy, in an effort to maintain minimum standards for participants in the industry. The following table summarizes the Section's activity:

Registrants	1977	1978	1979
Broker-Dealers Investment			
Advisers	489	497	520
Agents	3969	4421	4000
Revenues			
Fees	123,230	135,670	138,060
Examinations	0-	-0-	170
Staffing	2	2	3

The number of dealers has remained relatively constant for the past five years. This is mainly due to mergers and consolidations of dealers. The decline in the number of agents from 1978 to 1979 is due to the closing of several dealers, and is not expected to reoccur.

During the past year this Section has been working with other states and the National Association of Securities Dealers, Inc. on a program to automate much of the processing currently done by hand. If this program is successful it will speed up registration and renewals for the industry, and will enable the Division to engage in greater direct regulation.

ENFORCEMENT

This Section is responsible for enforcement of the anti-fraud provisions of the Securities Law. It investigates complaints from investors, follows up leads provided by other regulatory agencies, and initiates investigations based on information from informants. Cases are developed wherever possible for administrative, civil or criminal proceedings. In 1979, 63 investigations were initiated. Three civil injunctions were obtained. Eleven cases were referred for criminal prosecution. Twenty-six settlements were negotiated resulting in return of $122,855 to investors.

DIRECTOR'S OFFICE

The Director of Regulatory Boards is appointed by the Commissioner of Insurance to provide administrative support to the boards and commissions assigned to the Insurance Commissioner. With the exception of the Tennessee Motor Vehicle Commission, the duties and responsibilities of the Director are: (a) to act as the chief administrative officer for each board; (b) to employ all consultants, investigators, inspectors, legal counsel, and other personnel necessary to staff and carry out the functions of the boards, and to assign such personnel in a manner designed to assure their most efficient use, excluding the Board of Pharmacy; (c) to provide office space and necessary quarters for the boards; (d) to maintain a central filing system for official records and documents of all boards; (e) to promulgate rules and regulations for all administrative functions and activities of the boards; (f) to collect and account for all fees prescribed to be paid to each board, and, unless otherwise prescribed by law, to deposit such fees in the State Treasury; (g) the Commissioner of Finance and Administration makes allotments out of the general fund as may be necessary to defray the expenses of the division and boards as provided by law; (h) to perform such other duties the commissioner may prescribe, or as may be prescribed by law.

The Director is an ex officio, non-voting member of each board attached to the department. He is required to consult with each board as to its requirements and is entitled to attend all meetings announced by the Boards.

TENNESSEE STATE BOARD OF ACCOUNTANCY

In 1913, Tennessee became the twenty-fourth state to enact a law to regulate and license accountants. This first law was repealed and a new one passed in 1926, and in 1939, a new law without a restrictive clause was enacted.

Currently there are seven (7) board members appointed by the Governor. The Board directly regulates the actions of Certified Public Accountants, and must approve the actions of the Administrative Committee of six (6) public accountants which are appointed by the Board. The Boards functions are to: (1) administer the accountancy act and rules and regulations; (2) determine the qualifications of C.P.A. candidates; (3) conduct written examinations of candidates; (4) adopt and enforce rules of professional conduct; (5) collect examination and renewal fees from applicants, and issue certificates and renewals; (6) issue reciprocal licenses; (7) revoke or suspend certificates for violations of the accountancy law, after a hearing; (8) maintain a roster of all C.P. A.'s and P.A.'s to be published annually.

The Administrative Committee is responsible to the board: (1) to receive and investigate complaints and to initiate and conduct investigations or hearings, with or without complaint, of any violation of the accountancy law by public accountants. (Investigations may be by Division Investigation Section); (2) to pass on the qualifications for licenses to practice as public accountants; (3) to set fees for examinations to practice as public accountants, subject to the approval of the Board; (4) to adopt rules of procedure which are to be approved by the Board; (5) to prepare an examination for public accountants, cause it to be graded, and certify the results to the Board; (6) to make recommendations and forward reports to the Board.

During the fiscal year 1978-79, the production activity of the Accountancy Board was:

Activity	Number
C.P.A. Certificates Issued	315
Reciprocal Certificates Issued	44
P.A. Licenses Issued	29
No. of Applicants Sitting for Examinations	2,526
Annual Renewals	4,545
TOTAL	7,459

STATE BOARD OF ARCHITECTURAL AND ENGINEERING EXAMINERS

The Board of Architectural and Engineering Examiners was created by Public Acts of 1921, so as to assure that only properly qualified persons shall practice architecture and engineering in this State. Public Acts of 1975 completely rescinded the old statutes governing the board and replaced them with a new act. Again in 1979, major revisions took place and the Board for Examiners in Landscape Architecture was incorporated into the Board for Architectural and Engineering Examiners.

The State Board consists of seven (7) members. There are three qualified architects, three qualified engineers and one public member who is not engaged in the practice of architecture or engineering. This Board is required to appoint a committee on landscape architecture. The committee shall be made up of a board member who is a registered architect, a board member who is a registered engineer, and one member shall be a registered landscape architect.

Uniform national examinations are administered by the board. The pass rates of Tennessee applicants is close to national and regional averages. The board does not have reciprocal agreements with other states but does accept passing grades on national exams as meeting Tennessee exam requirements. Further the functional, or production activity for the Board during the fiscal year ending June 30, 1979 was:

TENNESSEE ATHLETIC COMMISSION

The Tennessee Athletic Commission was created in 1935. Since 1955 the Commission has been responsible for the collection of a gross receipts tax on the admission charges to professional wrestling, boxing, and sparring matches. In 1968, legislation was enacted which required the licensing of motor vehicle race tracks. Such licensing is contingent solely upon proof of procurement of the minimum level of insurance prescribed by the statute.

There are five (5) Commissioners of the Athletic Commission appointed by the Governor. In addition to the fees collected, the Commission is responsible for prescribing the number of rounds of exhibits, the equipment, referee's duties and they mandate physical examinations for the contestants in boxing exhibitions only. Commission inspectors and physicians are at ring side.

Since the Commissions activity was determined to be responsive only to the industry and not determined to be necessary for the public health and safety, this Commission is to be "Sunset" June 30, 1980. Past performance of the year ending June 30, 1979 is shown below:

TENNESSEE AUCTIONEER COMMISSION

The Tennessee Auctioneer Commission was created in 1967, by the adoption of Title 62, Chapter 19. There are three Commissioners appointed by the Governor. The appointees are required to be practicing auctioneers with at least five years experience immediately prior to their appointment. The Commission meets during the months of January, April, July, and October. They are responsible for examining and licensing auctioneers and apprentice auctioneers engaged in the auctioneer industry of Tennessee.

This Commission gives a two-part, oral and written, examination. The exams are given on the second Monday of February, May, August, and November. In addition to passing the examination each applicant must have two years experience working with a licensed auctioneer or one year experience and be a graduate of an auctioneer school. Statistics of production activity are as shown below for the fiscal year ending June 30, 1979.

TENNESSEE BOARD OF BARBER EXAMINERS

The first law regulating the practice of barbering in Tennessee and creating the Board of Barber Examiners was enacted by Chapter 118, Public Acts of 1929. The Board, appointed by the Governor consists of five (5) members. They are required to be practicing barbers with a minimum of five (5) years experience, however, the next Member of the Board whose term expires, will be replaced with a public Member, as amended by Public Chapter 379, acts of 1979. In 1959 legislation was passed which allowed board members to receive a salary. However, in addition to serving as board members, they also serve as inspectors until January 1, 1982, at which time the board shall perform inspections of barber schools and colleges with inspections of barber shops being performed by separate inspectors.

The Barber Board composes and grades examinations, which consists of two (2) parts, written and practical demonstration. Approximately 88% of all those examined pass the test. The Board issues eight (8) types of licenses: school, theory and practical instructors, students, technicians, apprentice, master and barber shops.

The Board is also charged with the responsibility of promulgating rules and regulations and the enforcement of its laws, rules and regulations. The Board is responsible for approving new barber schools and over all supervision of schools. The Board initiates investigations and holds hearings, after which a license may be suspended or revoked, or a person may be placed on probation under a consent order. Presently, each barber shop in Tennessee is inspected at least one (1) time per year. The performance for the year ending June 30, 1979 is as indicated:

BOARD FOR LICENSING CONTRACTORS

The first legislation regulating the construction industry in Tennessee was passed in 1931, revised in 1945, 1965, 1972, 1976, and 1977. The Board is created by T.C.A. 62-604, and is charged with administering the Act. The Board consists of seven (7) licensed contractors appointed by the Governor, for seven-year terms. It is composed of one sub-contractor, one home builder, and five (5) other licensed contractors who have had at least ten years of construction experience.

The board is responsible for approving applicants based upon experience, financial reports, letters of reference and equipment; accordingly the license is issued to construct in certain classifications, i.e., industrial, commercial, residential, and a single contract limit above which he may not bid, i.e., $100,000, $1,000,000, $2,000,000. The Board members make bylaws, rules and regulations, determine the qualifications; conduct written or oral examination; determine classifications and bid levels; revoke or suspend (after a hearing) any license or renewal granted and initiate or request investigations. The board shall meet in January, March, May, July, September, and November for the purpose of transacting business. At the January meeting of each year, the board shall elect officers including a chairman, vice chairman, and secretary.

The production activity for the year ending June 30, 1979 is:

TENNESSEE COLLECTION SERVICE BOARD

Tennessee's first law regulating collection services and collection practices was passed in 1971. Title 62, Chapter 20, T.C.A., sets forth legislation for the Tennessee Collection Service Board. The board is composed of three (3) members, appointed by the Governor for three-year terms. No more than two of the members may be in the collection service industry. All are required to have been residents of Tennessee for at least five years.

The board meets annually in January to elect officers and holds other meetings at the request of two members. They formulate all public policy concerning the industry; enact rules and regulations, grant licenses to applicants that meet the requirements; refuse to grant licenses to those applicants that do not maintain complete records or sufficient funds for clients; initiate investigations; issue solicitors cards; may suspend, revoke or cancel licenses for cause; and insure compliance with the enacted legislation pertaining to the credit industry. Their activities for the fiscal year of 1979 are:

TENNESSEE BOARD OF COSMETOLOGY

The first legislation in Tennessee regulating the practice of cosmetology and creating the Board was enacted in 1939. The law has been revised numerous times; the most recent significant amendments were in 1975 and 1976. Certain persons such as duly licensed barbers, physicians, surgeons and nurses are exempt while performing functions provided by their regulations.

The Board of Cosmetology consists of five members. Each must be at least 25 years old, have been a resident of Tennessee for five years. The Board issues six kinds of licenses: student, shampooist manicurist, operator, instructor, school and shop. They require an inspection of each shop annually. Examinations are given approximately 17 times each year and are of two parts, written and practical. Approximately 85 to 90 percent of the applicants pass the examinations annually. The work performance of the Board for the Fiscal year of 1979 is:

COMMISSION ON FIRE FIGHTING PERSONNEL STANDARDS & EDUCATION

The FFPSE Commission was established in 1974, by T.C.A. Title 4, Chapter 24. It consists of nine members that serve without compensation except for per diem and expense reimbursements. Their basic function is to recommend to the Governor and the general assembly standards of performance, courses of instruction and training, and procedures for certifying levels of achievement for ful-time municipal fire fighters.

The commission is responsible for approving the training programs offered by county and municipal fire departments. Fire departments submit proposed training programs which must comply with a checklist of requirements. To date, nine (9) fire departments have signed or requested certification of their programs with the Commission. Additional facts of responsibility include:

(1) Their constituency now includes volunteers as well as county and municipal fire departments.

(2) Recommend and approve curricula for advanced courses and seminars in fire science, fire engineering and training in institutions of higher education or other state supported schools.

(3) Establish classifications based on training and education for full-time and volunteer firemen who desire to be certified and who successfully pass the examination given by the Commission.

(4) Prepare a standard examination to test the levels of training and education of applicants for certification, and establish a passing grade therefor.

THE BOARD OF FUNERAL DIRECTORS AND EMBALMERS

The Board of Funeral Directors and Embalmers was first created by Public Acts of 1951. It was proceeded by the State Board of Embalmers. There are five (5) board members appointed by the Governor for five year terms and they are charged with the administration of T.C.A. 62-500.

The Board is responsible for the development of and enforcement of rules and regulations; for the standards of service and practice to be followed in the profession; for the examination of applicants and approval for the issue of licenses; initiating investigations and holding hearings for possible revocation of licenses. The performance of the board can be shown for the fiscal year 1979 by the following production figures:

TENNESSEE MOTOR VEHICLE COMMISSION

The Tennessee Motor Vehicle Commission was created by Public Act in 1955. The Commission consists of eleven (11) members, including two (2) public members. Their basic function is to regulate and license motor vehicle manufacturers, distributors, dealers, salesmen and their representatives, in order to prevent frauds and impositions upon the public. In 1958 the Commission was given responsibility for automobile auctions and in 1977 for automotive dismantlers and recyclers. Examinations are not required for applicants for any license.

The Commission meets at least four times per year in January, April, July, and October. They employ a Director for administrative and field representation supervision. The six (6) field representatives handle complaints and mediate disputes between parties. Performance activity for the Commission during the fiscal year of 1979 was as shown:

Activity	Number
Manufacturers	135
Representatives	996
Dealers	5,719
Salesmen Licenses	8,851

BOARD OF PHARMACY

The original Board of Pharmacy was created in 1893. The current Board consists of six (6) members, one of whom is to be a full-time hospital pharmacist, all are pharmacists and each is appointed by the Governor for a six-year term. Although originally the quality of drugs dispensed was a major problem the current Board must concentrate more on how the pharmacists are dispensing drugs rather than on quality which is now closely regulated by the U.S. Food and Drug Administration. The Board employs a Director and clerical staff for administration and five (5) investigators.

Specific duties of the Board are to administer examinations to graduates of recognized schools or colleges of pharmacy applying for licenses; ensure compliance with the Pharmacy Code; refuse to grant licenses or revoke or suspend license after conducting proper hearings; and through the use of the investigators ensure that the pharmacists of Tennessee are properly dispensing drugs to the people in accordance with the prescriptions of doctors. The general activity of the Pharmacy Board for the fiscal year 1979 is as shown:

Activity	Number

TENNESSEE REAL ESTATE COMMISSION

State regulation of the real estate industry began in 1915, was revised in 1919, but only required the filing of an application, paying a fee, giving a bond and paying a privilege tax. This licensing was administered by the County Court Clerks. In 1951 the legislature created the Tennessee Real Estate Commission. The Commission Code has been amended and revised several times. There are currently five (5) Commissioners appointed by the Governor each for a term of five years. Two (2) public members will be appointed to the board in 1980-81, causing the establishment of a seven (7) member board. They have a Director in charge of the administrative staff.

The basic responsibility of the Commission is to ensure protection to the public. This is accomplished by requiring and rendering competency examinations; requiring an apprenticeship for broker applicants; supervised affiliation for salesman applicants; establishing educational requirements; initiating investigations to eliminate incompetence, misrepresentation and fraud among some agents; and to help develop professionalism among real estate agents. Brokers and Affiliate Brokers are required to be bonded for the protection of the public. The Commission, after proper hearings, is empowered to revoke or suspend licenses. Their performance activity for the fiscal year 1979 is as shown:

Activity	Number
Examinations	10,718
Renewals	18,963
Transfers	4,553

INVESTIGATIONS SECTION

In 1979 the Commissioner of Insurance organized a central Investigations Section, in support of all regulatory boards, directly under the general supervision of the Director of Regulatory Boards. During the remainder of the year this section received and began action on 107 complaints. This section has been so effective in support of the boards more cases are being referred to them both by the boards and the public. Approximately three times the 1979 figure of cases is anticipated for 1980.

Upon the completion of an investigation a copy of the findings is forwarded to the legal section and a copy to the appropriate board. More hearings based upon these findings are taking place and a better policing of each industry is the result.

LEGAL SECTION

There are three staff attorneys working for the Regulatory Boards. One staff attorney handles primarily rules and legislation for all the Regulatory Boards, the other two attorneys handle board meetings and hearings. The staff attorneys primary duties are:

(1) to prepare and try contested cases initiated by the filing of charges against licensees;

(2) to draft legislation and rules concerning the operation of the Regulatory Boards, and the businesses and professions which they regulate;

(3) to conduct rulemaking hearings and attend legislative committee meetings at which matters pertaining to the Boards are considered;

(4) the attorneys attend monthly board meetings of the fourteen Regulatory Boards for the purpose of answering legal questions and otherwise helping to guide the proceedings;

(5) the attorneys also respond to a large volume of legal inquiries from consumers, affected businesses, and counsel for respondents in contested cases;

(6) review all proposed contracts to which the Regulatory Boards are a party; and

(7) act as a liaison between the Boards and the Offices of the Attorney General and Secretary of State.

The case load of the staff attorneys' office has significantly increased during this period, 1979-80, from the 1978-79 fiscal year (e.g., more cases were heard by the Board of Pharmacy during the first six months in 1980 than all of 1979), due primarily to greater consumer awareness of the Board's disciplinary powers, and to the strengthening of the legal staff.

During the fiscal year, 1978-79, there was one attorney assigned to the Regulatory Boards, and there were approximately 30 hearings during that year. In the fiscal year, 1979-80, there were two attorneys handling the hearings for the Board, and during the fiscal year, 1979-80, there were 105 hearings.

A substantial number of cases (25) reflected in the total for 1979-80 were either dropped by the attorneys, or settled informally by agreement of the parties.
